

# Sign Your Name

**Michael Bolton**

Fortunately you have someone who relies on you  
We started out as friends but the thought of you just caves me in  
The symptoms run so deep, it's much too late to turn away  
We started out as friends  
Oh, sign your name across my heart  
I want you to be my baby  
Sign your name across my heart  
I want you to be my lady  
All alone with you makes the butterflies in me arise  
Slowly we make love and the earth rotates to our dictates  
Slowly we make love  
Oh, sign your name across my heart  
I want you to be my baby  
Sign your name across my heart  
I want you to be my lady  
Birds never look into the sun before the day is gone  
But the light shines brighter on a peaceful day  
Stranger blue, leave us alone, we don't wanna deal with you  
We'll shed our stains showering in the room that makes the rain  
Oh, I need you to sign your name across my heart  
I want you to be my baby  
Sign your name across my heart  
I want you to be my lady  
Sign your name across my heart  
I want you to be my baby  
Sign your name across my heart  
I want you to be my lady  
Sign your name across my heart  
I want you to be my lady  
Sign your name across my heart  
I want you to be my baby
