

Piece by Piece

Corroded

Change of peace and the switch we call light to let go it's the same as hold on
Turn my faith with the look in the noise everyday just to talk moving on
Break away to them to no matter what you do
It's a one way street and for this
Breaking more till the stay and the same to you
Like one he loved and it's one to save Cause easy up the life is better just the way that it is
No matter what we do,
Easy up the life is better from cradle to grave
I'm tired to feel it,
Easy up the life is better from they call the change
No matter what we do,
Easy up the life is better from cradle to grave
We all live to die piece by piece!
Silent words must be filled by the strongest speech and you can't tear it down
A collection of corners has been cut, does it mean anything in the end
I will stay, should we there really difference, just like go to mid town poor to spend
Your pleasure leads and I don't matter what you do
We lose two forces it's one to save Cause easy up the life is better just the way that it is
No matter what we do,
Easy up the life is better from cradle to grave
I'm tired to feel it,
Easy up the life is better from they call the change
No matter what we do,
Easy up the life is better from cradle to grave
We all live to die piece by piece!
We all live to die piece by piece!
Because easy up the life is better just the way that it is
No matter what we do,
Easy up the life is better from cradle to grave
I'm tired to feel it,
Easy up the life is better from they call the change
No matter what we do,
Easy up the life is better from cradle to grave
We all live to die piece by piece!
(We all live to die...)
