Won't tell

[Babes in Toyland](#)

I won't ever tell on you
Ever see me do
I wait forever for youFigure out your problem with me is you
I won't be like you
Ever see right through
I wait forever for youFigure out your problem with me is you
I won't ever tell on you
Ever see right through
I wait forever for youFigure out your problem with me is you
You come running through
