Egghead

Lene Lovich

Big wheels turning in my head o
Growing up is a deadly business
My head was light and airy
Now my head is as heavy as lead is

Getting older night and day dear
Wonder if we?ll ever make it
I feel so insecure though
My mind is activated

Counting fingers
Don?t be slow
Paper heroes we must know
Looking smarter everyday
Egghead ay, ay, ay

Idea eating intellect o
Can you hope to make the distance
I thought I knew quite a lot, but
What an uphill climate this is

Egghead!
Egghead!

Counting fingers
Don?t be slow
Paper heroes we must know
Looking smarter everyday
Egghead ay, ay, ay
