

Get Giddy

Grouplove

Oh let's be friends
And we'll hold hands
As those trains go passin' by

Yeah girls are girls
All over this world
But there's only one tonight

And if those stars above
They ain't shown love
Then you're looking through the clouds

So I'm gonna get giddy somehow
Get giddy somehow
Yeah I swear I'll come around
Oh won't you get giddy somehow?
Get giddy somehow
Yeah don't let life tie you down

So laughing ghost
You've come to toast
Everything that haunts me now
You say I'm fallible yeah
And I'm so malleable
But I'm wearing a new crown

And if those stars above
They ain't shown love
Then you're looking through the clouds

So I'm gonna get giddy somehow
Get giddy somehow
Yeah I swear I'll come around
Oh won't you get giddy somehow?
Get giddy somehow
Yeah don't let life tie you down

Well I'm gonna get giddy somehow
Get giddy somehow
Yeah I swear I'll come around

Won't you get giddy somehow?
Get giddy somehow
Yeah don't let life tie you down

Do do do do, do do
