Taken by Dreams

Corinne Bailey Rae

We move forward over land
Itâ€™s too hard to see
Itâ€™s too far ahead so you hold my hand
And we go to a place that only lovers know
And we go to a place that weâ€™ve discovered
Iâ€™m like a laser beam
Cutting through everything
Iâ€™m in my fantasy
I can do anything
Taken by dreams
Taken by dreams

Feeling you breathing
Roar like a heartbeat
Catch me Iâ€™m a roller coaster
Freedom and poetry
Taken by dreams
Taken by dreams

And if you ever knew how lost I was before
You wouldnâ€™t recognise me
Now Iâ€™m on my way
And Iâ€™m grateful I can say
I want to go
Cut me loose
Cut me loose
Let me run to the stars
Thereâ€™re not so far
Illuminate our way
You and I weâ€™re on our way
Come on letâ€™s go

We travel into the night
We cross galaxies
We run we leap and we fly
Itâ€™s not hard
â€˜cause weâ€™re called by a music we donâ€™t understand
And weâ€™re drawn by the glow of a fire
Iâ€™m electricity

Burning bright energy
Catch me on the 1,2,3
I can do anything
Taken by dreams
Taken by dreams

Feeling you breathing
Roar like a heartbeat
Catch me Iâ€™m a roller coaster
Freedom and poetry
Taken by dreams
Taken by dreams

And if you ever knew how lost I was before
You wouldnâ€™t recognise me
Now Iâ€™m on my way
And Iâ€™m grateful I can say
I want to go
Cut me loose
Cut me loose
Let me run to the stars
Thereâ€™re not so far
Illuminate our way
You and I weâ€™re on our way
Come on letâ€™s go

And itâ€™s the sun and moon and gold
Seeds, vibrations
Spinning out in space
Gone to another place
And in a million years from now
Weâ€™re tiny stars across the Universe
Trembling, singing, â€œAmenâ€•
Come on letâ€™s go
Come on letâ€™s go
Taken by dreams
Taken by dreams
