

Me and My Guitar

Tep No

 baby I won't, forget now
How you stomp your feet up off the ground
 Well your smile came to me, somehow
 Then everything faded away
 And all this time, I thought it would be
 Just me and my guitarBlowing up hearts
Dancing in the dark, just, waiting for a spark to come in, come in
 Just me and my guitar
 I was alone, when you came around
 Now you stomp your feet up off the ground
Well you had so much life the pain faded away,
and faded awayAnd I thought I could lean on
 Just me and my guitar
 Blowing up hearts
Dancing in the dark, just, waiting for a spark to come in, come in
 Just me and my guitar
 Dancing by the barTrying to find,
Trying to find love, and no money, noJust trying to find
 Oh baby I won't, forget now
How you stomp your feet up off the ground
 Your smile came to me, somehow
 Then everything faded away,
And all this time, I thought it would be
 Just me and my guitar
