

# Only Thing

Andrea Leclaire

I've made many mistakes in my lifetime  
The foolish things I've done have might been few  
    But the only thing, I've ever done worth doin'  
Is fall in love with youI've wasted many a tear in my lifetime  
    On foolish dreams that never could come true  
    But the only thing, I've ever done worth doin'  
Is fall in love with youBecause of you, I changed my way of livin'  
    Because of you my life has changed a lot  
    The only thing worth havin' is worth givin'  
The best of everything you've gotI've wasted many a day being lonely  
    But now I know my lonely days are through  
    'Cause the only thing, I've ever done worth doin'  
Is fall in love with youYes, the only thing, I've ever done worth doin'  
    Is fall in love with you
