

On Our Knees

CfaN Worship Uk

On our knees we bow down and worship
Resting here to give him all our love
At His feet we honour King Jesus
With our lives in praise of all He's done
Joining in heavens sound
Making His praises loud
God's peace and joy are found
His freedom is here
How can we not adore
Worship the saving Lord
Stay at the throne in awe
His presence is here
In this moment we can find healing
This was one thing purchased by His blood
All our sin and sickness He conquered
Death defeated He has overcome
