

Skipping Stones

Claire Guerreso

Stop the world from spinning around
Feels like the sky is falling down
Can't breathe in, I can't breathe out
I'm afraid that I might drown
Can't stay afloat on dust
Skipping stone
A neckle on the water
I'm letting go
Surrender to the father
Another rise and tide, another storm to fight
Come and take me, I'm just a skipping stone
Is this just a wicked game?
Will it wash with the next rain?
Can't give in, I can't give up
I'm trying hard, it's not enough
Throw myself to the unknown
Like a skipping stone
A neckle on the water
I'm letting go
Surrender to the father
Another rise and tide, another storm to fight
Come and take me, I'm just a skipping stone
Forever is a long time
To be walking on a fine line
Chasing after sunrise
Putting on a fake smile
Skipping stone
A neckle on the water
Letting go
Surrender to the father
Skipping stone
A neckle on the water
Letting go
Surrender to the father
Another rise and tide, another storm to fight
Come and take me, I'm just a skipping stone
(Another rise and tide, another storm to fight)
Come and take me, I'm just a skipping stone
(Another rise and tide, another storm to fight)

Come and take me, I'm just a skipping stone
I'm just a skipping stone
