

# Sex Girl

Joe

Shorty, shorty, hey, shorty  
Tell me what you wanna do with me  
Let's go  
Yes, I wanna see you get low, yeah  
Get low  
Let me see you wind your body real slow  
She turned around  
That's when she had me right there  
The most beautiful girl in here  
Is givin' off a flair, yeah  
But I'ma play it cool, I'ma be cavalier  
Another glance and I'ma go over  
Hey, pretty girl, I'm tryin' to get to know ya  
My name is J, baby, what's your name?  
A pretty smile, thin waist with a bump in the back  
You got that sexiness  
When you walk that ass goes clicky, yeah  
I don't mean no disrespect  
I'm tryin' to get off this song, let's go  
So we can be gone, let's roll  
And if you wanna roll, baby, you can chill
