SECOND VERSE
Yes what they say bout me is true
Planned it all out Picked the perfect time to make my debut
Man I came here to entertain u
Attacked from every angle got that target on my back
They say skin thickens mines been hardened from rap
I got bills to pay what's my other choice
Watched strippers with Obie
Made bonds with Royce
U mad I Figured out how to plan the game
& why ur career will always stay the same
I love hate I tend to get from criticis
When the only that should b said is that I did it
I'm stubborn so I understand it's hard when ur wrong to admit it 11
Plus my lawyers to strong I get acquitted
It is what it is let go to fate
I'll live & die with a California license plate
There's no one else like me one of a kind
Guaranteed to blow ur mother fuxking mind
CHORUS
DOUG CRAWFORD CAUSE I AM

AINT ANOTHER MAN THAT CAN TAKE MY PLACE
