Don't Make Me Love You

[Taylor Dayne](#)

Don't make me love you
Don't do that to me
Don't make me love you
'Cause all it would mean
Is that you're getting to me
And that is something you should never doDon't make me want you
Don't' do that to me baby
Don't make me want you
'Cause all that would mean
Is that you're getting to me
And that's something you should never doSo please don't make me want you
No, no, no
And I'm begging you
Don't make me need you, no
'Cause all this would mean
And I'm asking you
Don't make me want you, no'Cause all this would mean
And I'm telling you
Don't make me love you
Please, oh
Don't make me love you
A child I'll do anything
But don't make me love youChild I'll do anything
I'll do anything
But don't make me love you
Love you, ah, I'll do anything, I'll do
Ah, but don't make me love you, love
Ah, ah, I don't want it no moreChild I don't want
I don't want to get helpless
As a child, a child
A child, a child, childI'll do anything but don't you make me love you
I'll do anything but don't you make me love you
I'll do anything but don't you make me love you
I'll do anything but don't you make me love youI'll do anything but don't you make me love you
Ah, I'll do anything but don't you make me love you
I'll do anything but don't you make me love you
I'll do anything but don't you make me love you
