

She Did That

Tamar Braxton

Put me behind the glass
Call it me TV, when you see me with my bag
Yeah her name Selene
Oh you looking at my rock, that's my bitch, Tiffany
Throw my hands up in the sky
I'm just cooling, don't shoot me
That's just me
That's just me
Spend it up and then repeat
That's just me
That's just me Oh She did that
She did that
She did that
Yeah did it, turn up
She did that
She did that
She did that
Yeah did it, turn up
She did that, did that
Yeah did it, turn up
She did that
She did that
She did that
Yeah did it, turn up
