

Glorious

Muse

Rose-tinted view
And satellites that compromise the truth
I wanted more
With the cuts and the bruises
Touch my face
A hopeless embrace
Faith, it drives me away
But it turns me on
Like a stranger's love
It rockets through the universe
It fuels the lies, it feeds the curse
We too could be glorious

I need to believe
But I still want more
With the cuts and the bruises
Don't close the door
On what you adore
Faith, it drives me away
But it turns me on
Like a strangers love
It rockets through the universe
It fuels the lies, it feeds the curse
We too could be glorious
