

# Intro (The Warm Up)

**J. Cole**

Yeah  
Still at it  
Villematic  
What a life we chose  
I'm sending this out to those  
Who fell down, but then rose  
I'm hot, I'm hellbound  
With these flows, Cole  
And when my story's told  
Let it be know I'd never fold  
I took my time  
I gave my soul  
I watched you shine  
But me I glow  
So  
I'm coming for what I'm owed  
You know?
