

All Sewn Up

Spooky Tooth

We got it all sewn up
Takin' it easy
We got it all worked out
Don't have to please me
We got it all sewn up Take my hand, lead me
Feed my heart with your love
Take my mind, believe me
Nothin' you could ever do could deceive me Don't you know we got it all sewn up
Takin' it easy
We got it all worked out
Don't have to please me
We got it all sewn up Right or wrong, we're together
It feels like it's workin' out long
We can go on forever
Every day is feeling so much better Don't you know we got it all sewn up
Takin' it easy
We got it all worked out
Don't have to please me
We got it all sewn up We don't depend on nothin' to get by
What we do we see eye to eye
We live for the day our love we survive
And I'm gonna to both till the day that we die We got it all sewn up
Takin' it easy
We got it all worked out
Don't have to please me We got it all sewn up
Takin' it easy
We got it all worked out
Don't have to please me We got it all sewn up
Takin' it easy
We got it all worked out
Don't have to please me
