

# The Boston Rag

## Steely Dan

Any news was good news  
And the feelin' was bad at home  
I was out of mind and you were on the phone  
Lonnie was the kingpin  
Back in nineteen sixty-five  
I was singing this song when Lonnie came alive  
Bring back the Boston rag  
Tell all your buddies that it ain't no drag  
Bring back the Boston rag  
You were lady bay side

There was nothing that I could do  
So I pointed my car down seventh avenue  
Lonnie swept the playroom  
Then he swallowed up all he found  
It was forty-eight hours till Lonnie came around  
Bring back the Boston rag  
Tell all your buddies that it ain't no drag  
Bring back the Boston rag

...
