## System of a Down

Prefight delight  
Defaced street lights  
A pyramid mind fuck  
Don't leave your seats now Popcorn everywhere canned  
Clich people organs rare  
Corn everywhere canned  
Clich people cannot  
Dare, dare, dare, dare I want to be  
A fallen ruby  
Guest vibrations  
Don't leave your seats now Humans everywhere canned  
Clich people organs rare  
Humans everywhere canned  
Clich people cannot  
Dare, dare, dare, dare, dare, dare Humans everywhere canned  
Clich people organs rare  
Humans everywhere canned  
Clich people cannot dare Humans everywhere canned  
Clich people organs rare  
Humans everywhere canned  
Clich people cannot  
Dare, dare, dare, dare
