

# Such a Night

## Racey

I was sitting drinking coffee  
on a saturday night  
The late show had finished  
so I turned out the light  
I was maybe thinking I would get into bed  
I heard a knock on the door and somebody said:  
Hey Richard, whatcha doing in there?  
Get yourself dressed and comb your hair  
Don't you think it's time that you were gone  
Come up to my place there's a party going on I shouldn't, no I shouldn't  
My baby always tells that I shouldn't  
I see shake her head  
So we just go up to bed  
Such a night to have a party  
Such a night to have a party  
I gotta whole lotta loving and a whole lotta kissing to do  
Such a night to a have a party  
Such a night to a have a party  
I gotta whole lotta loving and a whole lotta living to do  
I gotta whole lotta loving and a whole lotta living to do If I could only get away one night on my own  
I'd go up to the party and I'd go up alone  
Well everytime I try to make my way to the door  
My baby gets a hold of me and begs me for more I shouldn't no I shouldn't,...
