

Before My Time

[Johnny Cash](#)

I know that hearts were lovin'
Long before I was here
And I'm not the first to ever cry
In my bed or in my beer There were songs before there was radio
Of love that stays and love that goes
They were writing melancholy tunes
And tearful words that rhyme Before my time
Before my time There were songs in old dusty books
Of love that's always been
Sweet lovers in their glory
Who are now gone with the wind Old fashion love words spoken then
Keep coming back around again
Nothings changed except the names
Their love burns just like mine Before my time
Before my time And in the dim of yesterday I can clearly see
That flesh and blood cried out to someone as it does in me
And there was some old song that said
"I love you till I die" Before my time
Before my time But what the old time masters had
Is what I feel for you
Love is love and doesn't change
In a century or two If someday they had seen and knew
How it would be for me and you
They'd wish for love like yours
And they would wish for love like mine Before my time
Before my time
