## **Before My Time**

## **Johnny Cash**

I know that hearts were lovin' Long before I was here And I'm not the first to ever cry In my bed or in my beerThere were songs before there was radio Of love that stays and love that goes They were writing melancholy tunes And tearful words that rhymeBefore my time Before my timeThere were songs in old dusty books Of love thats always been Sweet lovers in their glory Who are now gone with the windOld fashion love words spoken then Keep coming back around again Nothings changed except the names Their love burns just like mineBefore my time Before my timeAnd in the dim of yesterday I can clearly see That flesh and blood cried out to someone as it does in me And there was some old song that said "I love you till I die Before my time Before my timeBut what the old time masters had Is what I feel for you Love is love and doesn't change In a century or twoIf someway they had seen and knew How it would be for me and you They'd wish for love like yours And they would wish for love like mineBefore my time Before my time
