

# Chicken Pox

## I'm from Barcelona

Well, as a kid I had the chicken pox  
The German measles and the scarlet fever  
And I don't ever wanna go through that againI had to tell my little broken heart  
I had to tell it I'm immune to love  
'Cause I don't ever wanna go through that againYou can't have it, once you had it  
You can't have it, once you had it  
You can't have it, once you had it, noYou can't have it, once you had it  
You can't have it, once you had it  
You can't have it, once you had it, noWell, as a kid I had the chicken pox  
The German measles and the scarlet fever  
And I don't ever wanna go through that againI had to tell my little broken heart  
I had to tell it I'm immune to love  
'Cause I don't ever wanna go through that againYou can't have it, once you had it  
You can't have it, once you had it, noYou can't have it, once you had it  
You can't have it, once you had it  
You can't have it, once you had it, no
