Tell me where you wanna go

Peep the way you move I can tell you make it happen

I see you walking around like your feet don't hurt

Shawty just cold like the heat don't work

She independent, you be ballin' on the budget

She ridin' in the fly's all the real niggas love it

Money making mission she just steady chasin' duckets

Shawty, she ain't playin' she just ballin', Denver Nugget[Pre Hook: K Camp]

G5 fly, lord oh ma

Can't help to stare, tell you all bye

You got thang for a nigga I can see it in your eye

What I gotta do for a piece of a pie

Tell me you feelin' alright

I'm tryna get with you tonight

I'm with all the shit that you like

I'm with all the shit that you like[Hook]

Cause I know that she be workin'

In the spare time shawty just countin' dough, we all know she's important

Let me know if you gon' ride with a fella
