Hum Mum Mum Mum May

Hum Mum Mum Mum May Leave the needle in the hay  
come on in and lay it down, You wouldn't find it any way  
come on in and lay it down You can act against the part or you can  
come on in and lay it down, You can stumble in the dark or you can  
come on in and lay it down. When they take your name

that's when you got to be a man, When they take your name  
that's when you got to be a man, Hum Mum Mum Mum May

Hum Mum Mum Mum May

Hum Mum Mum Mum May

Hum Mum Mum Mum May When a wall is not the way  
come on in and lay it down, When you can't take another day, you got to  
come on in and lay it down. When you see their greasy fingers fin a crack  
When you chop the devil's tail and he grows it back. When a wall is not the way  
come on in and lay it down, When you can't take another day, you got to  
come on in and lay it down. When they take your name

that's when you got to be a man, When they take your name  
that's when you got to be a man, Hum Mum Mum Mum May
