Another Voice

Agnostic Front

You could never silence this voice
We've been oppressed still we destroy
Everything thrown in our face
We found the truth and we still believeAnother voice, back again with a vengeance
Sworn to brotherhood since the days of my youth
My blood is my pride, my voice speaks the truth
There's no holding me back, there's nothing you can doAnother voice
Voice of the forgotten
One voice
Voice of the streetsOne voice, 20 years of blood and loyalty
Repping NYHC the way it ought to be
Loyal to the scene, this is our voice
I never gave in, my life is my choice
