

The Power Of I And I

Shadows Fall

We are given the gift of creation
We are given
All of the light
And purity of the universe
We are the ones
Who will create
The snarling beasts of human nature
The world within myself
All is one
The power of I and I
True piece of mind
Is not bestowed
Upon us by the heavens
The evils of man
Are spawned within
The confusion of our own mind
The world within myself
All is one
The power of I and I

The world within myself
All is one
The power of I and I
Hiding the purity that flows
From the root of which we rose
We are given
All of the light
And purity of the universe
We are the ones
Who will create
The snarling beasts of human nature
The world within myself
All is one
The power of I and I
The world within myself
All is one
The power of I and I
All, all is one
All, all is one
