

# Mine Tonite

[Billy Squier](#)

Another time, another place for you and me  
Is that the way it has to be?  
I can see it in your eyes, I can feel it inside  
This is real, now we're right back where we started  
Stolen hours are all we ever know  
It's so hard to let you go  
And in the air that I breathe there's a chill when you leave  
Don'tcha know one day will be forever  
I don't care what's wrong or right  
I only know you are mine tonite  
And for a while we can hold on tight  
That's all I know, you are mine tonite  
Simple answers we may never find  
Tell your heart to give it time  
Now there's a road if we dare, no one said love was fair  
But one day, one day we'll be together  
I don't care what's wrong or right  
I only know you are mine tonite  
And for a while we can hold on tight  
That's all I know, you are mine tonite  
Oh oh, am I lost in this dream, I can't escape?  
Oh oh, there must be some way outta here  
But to live without you would be more than I can take
