When The Rain Stops

Young Buck

Summertime drop top shit, ya know
(Hey, what it do)
Yeah
(It's goin' down, we pullin' the cars out man)When the rain stops
(Let's ride)
Come on
(You know what it is)
Come onYeah
(Hey)
Hey
(I'm talkin' about Cashville sunshine)
You know what it is
(Miami sunshine)When the rain stops
(California sunshine)
Let's get it
Hey, what it do, shorty, yeah
(Hey)Woke up ready to shine, I'm ready to grind
In '08, I was '09, ahead of my time
I'm about to give it to 'em, yeah, fresh out the shop
Let me call Big Rich, tell him pull out his dropI walk in my walk in closet
Shorty got a outfit for me but I already bought it
Breakfast, yes, it's the morning blunt
I get a couple more in me, then we goin' to lunchPut on my necklace, white gold, nothin' too reckless
But just enough ice to make you haters respect this
Garage door open, about to do my thizzle
Shit goin' good till I felt that drizzleRight back in my drop top, make the front end hop
Hit the block, when the rain stops
I'm don't ridin' and I can't stop
Sittin' high, no lie, just watchWhen the rain stops
We trappin' over here around the clock
Got the block on lock
It don't matter if the rain stopsNow make it rain
(Make it rain)
Make it rain
(Make it rain)
Make it rain
(Make it rain)
Rain dropsDay turns to night as the rain pours
Wet streets, still I'm a do what I came for

Black skies got the ghetto inside
All the hustlers that was tired, waitin' on the sunriseRight back before all the mud dries
This is what happens when a thug cries
I'm everywhere like a Crip with Blood ties
My niggaz like, "Buck let one of us drive"They know I'm gon' be doin' a buck five
Brand new rims, plus tires
Even if the storm don't stop when it does get hot
You can bet the whole pot, I am in the hood likeRight back in my drop top, make the front end hop
Hit the block, when the rain stops
I'm don't ridin' and I can't stop
Sittin' high, no lie, just watchWhen the rain stops
We trappin' over here around the clock
Got the block on lock
It don't matter if the rain stopsNow make it rain
(Make it rain)
Make it rain
(Make it rain)
Make it rain
(Make it rain)
Rain dropsSee I remember way back
When my grandmother used to be like
"Boy, turn that TV off, it's raining outside"
And just like then, I can't wait to get back out there
So I can keep shinin' on you hatin' ass niggaz
It's Young Buck bitch, heyAnd just know one thing shorty
It can't rain forever, baby
I'm comin', I'll be on my way to get itYeah, just hold up for a minute
When the rain stops
And yeah, you know what to do
Just turn me up and listen to them
Rain dropsDJ's know what it is
The streets know what I'm a do
When the rain stops, let's goAnd then it's right back
But y'all always gon' hear them
Rain drops
Hey Buck, where you at?Right back in my drop top, make the front end hop
Hit the block, when the rain stops
I'm don't ridin' and I can't stop
Sittin' high, no lie, just watchWhen the rain stops
We trappin' over here around the clock
Got the block on lock
It don't matter if the rain stopsNow make it rain
(Make it rain)
Make it rain
(Make it rain)

Make it rain
(Make it rain)
Rain drops
