

# Swag Sex

## Marques Houston

Put a little swag in your sex  
Swag Swag in your sex  
And that's how you keep her from becoming your ex  
Put a little swag in your sex  
Swag Swag in your sex  
And that's how you keep her from becoming your ex  
Put a little swag in your sex  
Swag Swag in your sex  
And that's how you keep her from becoming your ex  
Put a little swag in your sex  
Swag Swag in your sex  
And that's how you keep her from becoming your ex  
Put a little swag in your sex  
Swag Swag in your sex  
And that's how you keep her from becoming your ex  
You only good at your sex game  
(Sex game)  
Said, you did her real good but your sex lame  
She gonna be on to the next man  
You gonna be known as the ex man  
Why you telling all your friends in the bed?  
(You destroyed her)  
She telling all your friends in the bed  
(You annoyed her)  
When you put in on her didn't do  
(Anything for her)  
Know she goods avoiding you  
Put a little swag in your sex  
Swag Swag in your sex  
And that's how you keep her from becoming your ex  
Put a little swag in your sex  
Swag Swag in your sex  
And that's how you keep her from becoming your ex  
Put a little swag in your sex  
Swag Swag in your sex  
And that's how you keep her from becoming your ex  
Put a little swag in your sex  
Swag Swag in your sex  
And that's how you keep her from becoming your ex

Put a little swag in your sex

And that's how you keep her from becoming your ex  
You need to grab her from the black, lay her down flat, yeah  
And kiss her, yeah, bet she like that  
Yeah, and turn her around and watch her back now  
Every time you throw it, throw it better, put it in the end zone  
Your sex game wack she gon' put you in the friend zone  
This right here about to be your theme song  
This right here about to be your ring tone  
Why you telling all your friends in the bed  
(You destroyed her)  
She telling all your friends in the bed  
(You annoyed her)  
When you put in on her didn't do  
(Anything for her)  
Know she goods avoiding you  
Put a little swag in your sex  
Swag Swag in your sex  
And that's how you keep her from becoming your ex

You need to grab her from the black, lay her down flat, yeah
