

Sex Junkie

My Ruin

You live your life
Just to let yourself go
You are the lowest
The lowest of low
Beg for me crawl for me
Down on your knees
You're a sex junkie
You'll do as I please Harder Faster
Harder Faster Secrets of lust
That you keep in your mind
Victims like you
Are so easy to find
First name is dirt
And your last name is sleaze
You're a sex junkie
You'll do as I please Horny ideas
They just clog up your brain
Destruction Vice
Or you'll just go insane
Degrading darkness
You live just for these
You're a sex junkie
You'll do as I please
