

# We've Lost You!

## Sepultura

Love is a Failure  
Hate is just another deadly trap  
Trust is just a moment an a life which you should command  
We've lost you!  
Who, knows who?  
Pain is faking gain  
Profit is no relief  
To lie is to justify, another lie you take as truth.  
Who, knows who?  
We've lost you!  
Death is a part of life  
As peace is a part of war  
I just need to clear my mind to learn both sides  
Who, knows who?  
We've Lost You!
