

Unspeakable (Shango Mix)

Danzig

don't you ever call upon
things
you shouldn't play w/
don't you ever look upon
things
that might offend you say what they don't like
don't you ever
no
don't ever call
the unspeakable say what they don't like
don't you ever question god
or question how to pray
don't you ever question laws
question what they say say what they don't like
[repeat]
