

# The Only One

## Mayer Hawthorne

Does it seem like,  
Like sometimes this life ain't what it seems?  
Know what I mean  
When you dream at night,  
Does it feel like you are in between?  
Caught in the beam Mirror reflection of a boy & girl  
The intersection another world What have we  
Seen?  
What have we done,  
What have we done?  
Can I really  
Be the only one?  
Can I be the only one under the sun? Train goes off the track  
Chain reaction, latch the casket closed  
Petals of rose  
Stop and wind it back  
Is it faster than the path you chose  
Nobody knows, I suppose Mirror reflection of a boy & girl  
The intersection another world What have we  
Seen?  
What have we done,  
What have we done?  
Can I really  
Be the only one?  
Can I be the only one under the sun? How can I be  
The only one?  
How can I be the only one?
