I Am Not Worthy

Emily Featherstone

Lord, you know my heart like no one else
Know all my failures and my faults
Each and every day it seems I fall
But You are always there when I call

Chorus:
I am not worthy but You love me anyway
You washed my sins away and made me whole
I am not worthy but the greatest price you paid
And what a wondrous day when You saved my soul

Sometimes bitterness, Lord, takes my heart
And I can't seem to fix my eyes on You
By now, Lord, You should have given up on me
But each day You let me start brand new

Chorus:
I am not worthy but You love me anyway
You washed my sins away and made me whole
I am not worthy but the greatest price you paid
And what a wondrous day when You saved my soul

Bridge:
I could climb the highest mountain
I could cross the widest sea
I could gain all the money in the world
But I would not be worthy

Chorus:
I am not worthy but You love me anyway
You washed my sins away and made me whole
I am not worthy but the greatest price you paid
And what a wondrous day when You saved my soul
I am not worthy but You saved my soul.
