

# No Time Soon

**Gnarls Barkley**

This could be one of those days  
When we must go our separate ways  
It's good for you to be out of my sight  
'Cause you never know, you might And I carry this, it's heavy  
And I miss you already You were perfect, babe My time will come, yours too  
I barely go before you  
I hope you live forever  
Or maybe we can go together It'll be perfect babe And I carry this, it's heavy  
And I miss you already You were perfect, babe  
Perfect
