My hopes just fell and I can't see
The reason why, why there is blood on my sleeve
And all this time, I thought it mine
But it's not, it's yoursAnd it's not worth it for me, gets harder every time call you
This life you lead, like us living in a shiny ballroom
Next time you bleed, right about this time tomorrow
Next time you steal, better ask before you borrow, whoaAnd I don't see too well, don't sing too well
And so I settle to scream
Just grab your shit and leave with it
They won't make no statues of youIt's not worth it for me, gets harder every time I call you
This life you lead, like us living in a shiny ballroom
Next time you bleed, right about this time tomorrow
Next time you steal, better ask before you borrow
This label 'Thief', find a better title suited for you
This tidal wave is coming down upon youThis time I've forgotten
I swear this shit was rotten
This time, I believe it
'Cause I've seen the shit you're needin'It's not worth it for me, gets harder every time I call you
This life you lead, like us living in a shiny ballroom
Next time you bleed, right about this time tomorrow
Next time you steal, better ask before you borrow
This label 'Thief', find a better title suited for you
This tidal wave is coming down upon you
