

# Just Like Us

## Rae Sremmurd

I see you, ohShe said I can't slow down  
If I wanted to  
We live for this shit, yeah  
We truly do  
I know you do  
Oh, I know you do  
I know you do too  
Cause you just like us, yeahYou love that spotlight  
That spotlight that never goes out  
You call your friends up  
Your ride us out and say, let's go out  
You mix that drank off that drank up  
And show all out  
You wanna scream and shout  
Ain't no turnin' down  
It ain't no more daddy's little girl  
Don't you feel like you can take on the world?  
You ain't worried 'bout nobody sneak dissin'  
You just glad to be the center of attention  
Ay, gon' and put your hands up, put 'em up, up, up  
Come and try this shit no more, tell me when you had enough  
All the girls on the loose, fuck us up, up, up  
We gon' tear this bitch up, who's with us, us, us?I done seen stars a million times  
And they only come out at night  
How come they only shine bright at night?  
Uh  
Been around, seen stars all my life  
They only come out at night  
They only come out at night  
Just like usWoke up faded, still drunk from yesterday  
Last night was crazy, last night was wavy  
Came a 100 deep, we wasn't even on the list  
We was in the buildin', big bottles up in this  
I'm in the moment, only thinkin' 'bout right now  
You know the lifestyle, we up all night now  
Come here baby, let me take you on a trip  
Don't you love nights like thisI done seen stars a million times  
And they only come out at night  
How come they only shine bright at night?

Uh  
Been around, seen stars all my life  
They only come out at night  
They only come out at night  
Just like us, damn You wanna scream and shout  
You wanna scream and shout  
It ain't no more daddy's little girl  
Don't you feel like you can take on the world?  
You wanna scream and shout  
Ain't no turnin' down She said I can't slow down  
If I wanted to  
We live for this shit, yeah  
We truly do  
I know you do  
Oh, I know you do  
I know you do too  
Cause you just like us
