Deep Blue You

8mm

Once I thought the sun would rise again
Once I thought the tide would turn
Once I believed that sunlight could guide me home
Now I know that light is old and stars are goneNow I know Im lost, lost, in the deep blue you
Now I know Im lost, lost, in the deep blue youOnce I thought that gravity would hold its ground
Once I thought that wishes came true
Once I dreamed on dandelions and fairytales
Now I know that weeds and throws can all be blown awayNow I know Im lost, lost, in the deep blue you
Now I know Im lost, lost, in the deep blue youI can fall but theres no down
I can scream but theres no sound
I can sink but I cant drown
Where others cant be foundI know the facts but thats not proof
Every lie becomes a truth what am I supposed to do?
I thought I could count on youI can fall but theres no down
I can scream but theres no sound
I can sink but I cant drown
Where others cant be foundI know the facts but thats no proof
Every lie becomes a truth what am I supposed to do?
