

Deep Blue You

8mm

Once I thought the sun would rise again

Once I thought the tide would turn

Once I believed that sunlight could guide me home

Now I know that light is old and stars are goneNow I know Im lost, lost, in the deep blue you
Now I know Im lost, lost, in the deep blue youOnce I thought that gravity would hold its ground

Once I thought that wishes came true

Once I dreamed on dandelions and fairytales

Now I know that weeds and throws can all be blown awayNow I know Im lost, lost, in the deep blue you
Now I know Im lost, lost, in the deep blue youI can fall but theres no down

I can scream but theres no sound

I can sink but I cant drown

Where others cant be foundI know the facts but thats not proof

Every lie becomes a truth what am I supposed to do?

I thought I could count on youI can fall but theres no down

I can scream but theres no sound

I can sink but I cant drown

Where others cant be foundI know the facts but thats no proof

Every lie becomes a truth what am I supposed to do?
