Your God

Stone Sour

What am I supposed to do now?Reveal to me this ugly thing
I'm rusted metal by your head
It's gotten out of hand again
Nobody sees it but I canYou thought of everything I bet
But did you think that I might die?
I haven't really smiled in I don't know how long, you know?
Something's gonna give again
Something's gonna give againI tried to fight, but did you listen?
Even after you're gone, I'm never finished
I could never be your god
And then I don't even think I want the job anymoreSay something, anything to me
I do believe but I have doubts
So many reasons to hold on
Conflicting interest, isn't it?I guess I'm better off in the end
'Coz you were always there to blame
I haven't felt so bad in I don't know how long, you know?
I can't get away again
I can't get away againAnd I tried to fight, but did you listen?
Even after you're gone, I'm never finished
I could never be your god
And then I don't even think I want the jobYou see, I tried to fight, but did you listen?
Even after you're gone, I'm never finished
I could never be your god
I don't even think I want the job anymoreWhat am I supposed to do now?
How am I supposed to live now?
All I ever did was try but the story ends
So I guess I'll have to die
Where am I supposed to go now?Go ahead and go away
Go ahead and go away
Go ahead and go away
Go ahead and go away
Go away!What am I supposed to do now?
How am I supposed to live now?
All I ever did was try but the story ends
So I guess I'll have to dieWhat am I supposed to do now?
How am I supposed to live now?
What am I supposed to do now?
How am I supposed to live now?How am I supposed to live?
How am I supposed to live?

How am I supposed to live?
How am I supposed to?
