

I Want More (feat. Sharon Willingham)

Tye Tribbett

Ooooooooooh

Ooooooooooh

There's a place where i can go in You can't be found

Lost in Your presence as i stand on Holy ground

A place in Holy glory where i hear the Angels sing

And lay before You in reverence to You King

I won't be satisfied, until i reach new heights

I'll just keep climbing i touch Your heart

Cuz' i want more,

I want more

I want more

I want more

There's a fire burning that i can't even describe

One that is burning to know more of You oh God

So as i seek You my journeys are not complete

Until i find that place that You've designed for me

I won't be satisfied,

Until i reach new heights,

I just keep climbing till i touch Your heart

I want more,

I want more,

Cuz i want more

I want more

Just like the deer that pants for water from the stream

My soul is hungry and i thirsty for a drink

So fill my cup and let Your water overflow

Cuz'i won't let go, until you bless my soul

Cuz' i want more

I want more

I want more

I want more

Unleash Your glory cloud as we release a sound

And let it fill this room cuz we want more of You

(Choir) unleash Your glory cloud as we release a sound and let it fill this room Cuz we want more of You

I want more

I want more

I want more

I want more

Gotta have more, gotta have more

we gotta have more, we gotta have more
We need You, we need You
We need You, we need You
We gotta have more
