

Wishes

Donna Hughes

Blew out the candles and made a wish
And I hoped it would come true
I had a feeling, that I was dreaming
When I wished for you Chorus: I wish that you were here
I wish you could see my tears
And I wish I was on your mind,
But if wishes were horses, dreamers would ride Tossed a penny, in the well
And I closed my eyes
I told no one, what I wished for
When I wished that you were mine Chorus: I wish that you were here
I wish you could see my tears
And I wish you missed me tonight
But if wishes were horses, dreamers would ride Made a wish upon a star
As the sun went down
Like the star I'd be in Heaven
If you were with me now Chorus: I wish that you were here
I wish you could see my tears
And I wish I was on your mind,
But if wishes were horses, dreamers would ride
