

# Rough Trade

Adam Lambert

you've got a gift to give, and  
the shadows come and go, and  
you've got a gift to get, oh  
rough trade  
rough trade  
i'm not preaching, i just wanna tell you  
don't buy what these people will sell you  
i'm not preaching, i just wanna tell you  
i made a rough trade adam with the citizen vein live on stage (kat club?)  
always gonna get 'em all right  
no, never gonna get 'em this time  
always gonna get 'em  
my daddy raised by the sinner  
told devil lies with dinner  
three meals, the ones to have holy crusade  
rough trade  
you gotta be careful lyin'  
while keeping it real cool, lyin'  
you gotta be careful lyin', yeah  
rough trade  
  
never gonna follow the fold  
and i'm always gonna travel this road  
never gonna follow  
only before it's done  
suck on a smokin' gun  
make like a hit and run  
woah oh oh oh  
only before it's done  
suck on a smokin' gun  
make like a hit and run  
woah oh oh oh  
only before it's done  
suck on a smokin' gun  
my daddy raised by the sinner  
told devil lies with dinner  
three meals, the ones to have holy crusade  
rough trade  
and i'm always gonna get 'em, alright

i'm always gonna get 'em that's right  
i'm always gonna get 'em
