

Love Soon

John Mayer

I know you've been sworn
I read your complaint
You're needin' someone older Though I've been warned
To live day by day
There's somethin' takin' over Did you expect to kiss me one time
While lookin' at me
With the same eyes ever again So come on and face it
So come on and face it
It's time that we say it You can cross the line
Whenever you want to
I'm callin' it love soon Close your mind
And waste some time if you have to
I'm callin' it love soon
It's not about you now, it's what we are Your mother complains
That you need a man
You haven't mentioned me yet And all of your friends
Don't know who I am
I've been your best kept secret I understand I wasn't part of the plan
A dollar short, a minute early
But I am your man So come on and face it
So come on and face it
It's time that we say it You can cross the line
Whenever you want to
I'm callin' it love soon Close your mind
And waste some time if you have to
I'm callin' it love soon
It's not about you now
It's what we are, it's what we are Let's bypass the bullshit
And move on because
The minute hand moves faster
Than you think it does And by no fault of yours
And by no fault of mine
The bottom line is layin' in the bed
That we've been playin' in tonight
We've been playin' in tonight I'm callin' it love soon
I'm callin' it love soon You can cross the line
Whenever you want to
I'm callin' it love soon Close your mind
And waste some time if you have to

I'm callin' it love soon
It's not about you now, it's what we are
