UnYoung

Nimmo

I can't grow old
To watch all these frames die
Oh how their eyes, their eyes, their eyes
Pixeling eyes
They follow me home
Follow me homeI'm not the only one in love
I'm not a picture of
Futures to rise, to rise, to rise
Oh how we fall
We fall through it all
Fall through it allHook:
I wanna see your face
I don't wanna feel you in the air
This loving place
Is where I want you to live on
UnyoungI wanna see your face
I don't wanna feel you in the air
This loving place (Keep on living life this young)
Is where I want you to live on
Unyoung (I can't watch you all become)
UnyoungI wanna see your face
I don't wanna feel you in the air
This loving place (Take control of what keeps you young)
Is where I want you to live on
Unyoung (I can't watch you all become)
UnyoungUnyoung
UnyoungI can't grow old
To watch all these frames die
Oh how their eyes, their eyes, their eyes
Pixeling eyes
They follow me home
