

Will There Be Enough Water?

The Dead Weather

Will there be enough water when my ship comes in?
Water when my ship comes in
Will there be water when my ship comes in? And when I set sail will there be enough wind?
And when I set sail will there be enough wind?
When I set sail will there be enough wind?
Cool water, oh cool wind Just because you caught me does that make it a sin?
Yeah, just because you caught me does that make it a sin?
Cool water, yeah and a cool wind Be enough water when my ship comes in
Be enough water when my ship comes in
Oh, when I set sail will there be enough wind? Yeah
Oh, cool water, yeah and a cool wind Just because you caught me does it make it a sin?
Just because you caught me does that make it a sin?
