Will There Be Enough Water?

The Dead Weather

Water when my ship comes in?

Water when my ship comes in

Water when my ship comes in?

Will there be water when my ship comes in?And when I set sail will there be enough wind?

And when I set sail will there be enough wind?

When I set sail will there be enough wind?

Cool water, oh cool windJust because you caught me does that make it a sin?

Yeah, just because you caught me does that make it a sin?

Cool water, yeah and a cool windBe enough water when my ship comes in

Be enough water when my ship comes in

Oh, when I set sail will there be enough wind? Yeah

Oh, cool water, yeah and a cool windJust because you caught me does it make it a sin?

Just because you caught me does that make it a sin?
