Jermaine Stewart

(Dance)

(Dance)CHORUS:

Dance floor

Dance floorVERSE 1:

I was took you into go

And you're the type that moves too slow

Get on up and follow next to me

To the beat, anything you see

Upside down or on your knees

The choice is yours

And versatile, baby

Choose the place, go anywhere

Lollipop or Fred Astaire

Give me room

I need some space to move

If you get a bit confused

And have nothing else to do

Jermaine will tell you what to do

Choose your ownCHORUSYeah

Ah, yeah

Uh-huhVERSE 2:

If you find a perfect place

On the roof on subway train

The choice is yours

Create a holiday

DJ play something right

Scratch my feet and mix my mind

It's time to go all the way tonight

Hurry up, make up your mind

All until the early light

Never stop

I found some place to be

Streak on earth has got to be

Well, get a blast on every street

Don't predact if you feel it's like you

Choose your ownCHORUS 2XBREAKDOWN:

Dance floor

Dance, dance, dance

Dance, dance, dance

Dance floorVERSE 3:
A roller side in too keep fit
Another way to move your hip
Cancel down
I've got so far to go
No closet to be locked in
The word is out
Don't tell your friends
It's time for the celebration
Choose your ownCHORUS 5X UNTIL THE END
