

Tender Mercy (Last Lynx Remix)

Au Palais

Sometimes is good to be a killer
Work without remorse
Sometimes it's good to be heartless
Let nature take it's course
And I don t need tender mercy
Just someone by my side
I leave the gentle things behind
Sometimes the guide light is flickering
And the theme lost in the swell
Let the hearts lie still
And I don t need tender mercy
Don't tie me to the mast
I let that tenderness go past
Don't want closer
Don't want nice
Love is a lonely ghost
